Introduction:

This analysis intends to provide Millcreek, a Utah Municipality, and the Millcreek City Council with the information required by the Utah Code Section 10-8-2. Appropriations -- Acquisition and disposal of property -- Corporate purpose -- Procedure.

Reason for the Study:

Utah Code § 10-8-2 and case law require a more rigorous review and approval process before the City can provide grants to nonprofit organizations. The process requires that the City complete a Study before awarding the grants.

Key Elements of the Study:

The Study shall consider the following factors:

1

1. Completion of a study that addresses the following:
 - a. The benefit the City will receive—tangible or intangible—in return for appropriated funds.
 - b. An analysis of how the appropriation will be used to enhance the safety, health, prosperity, moral well-being, peace, order, comfort, or convenience of Millcreek residents.
 - c. Whether the appropriation is necessary and appropriate to accomplish goals and objectives of the City, such as:
 - i. Removing blight or underdeveloped properties;
 - ii. Increasing the City's tax base;
 - iii. Creating jobs;
 - iv. Retaining jobs, and
 - v. Any other identified public purpose that the appropriation might serve.
 - d. Completing a financial analysis showing projected financial returns to the City, if any, and the period over which the City will recoup the appropriation amount.
2. A finding by the Council that the development will promote safety, health, prosperity, moral well-being, peace, order, comfort, or the convenience of the Millcreek residents shall be adopted by Resolution citing the Study as evidence to support that finding.

3. The processes outlined in Utah Code Ann. § 10-8-2h will complete the final appropriation:
 - a. If the appropriation is made as an amendment to the current year's fiscal budget, it shall be approved according to the process outlined in Utah Code Ann. § 10-8-2(3)(d).
 - b. If the appropriation is made as part of a future fiscal year budget, then the appropriation shall be approved during the regular annual budget process.

Millcreek Agreement – Millcreek proposes to make the following monetary appropriation for the Fiscal Year 2025/2065:

“Human Service Fare Program” Proposal:

- Millcreek City and UTA received a grant from United Way to purchase additional UTA passes for residents in need.
- Millcreek City plans to work with its partners, the Asian Association of Utah, Granite School District, Housing Connect, and English Skills Learning Center, to distribute these passes.

Millcreek City anticipates using this grant to purchase 225 passes through the Millcreek Community Foundation, expected to not exceed \$5,000.00, to be expended during the current 2025-2026 fiscal year.

- Millcreek City and UTA desire to promote and facilitate the use of public transit by low-income individuals in need, and
- Millcreek City desires to purchase, and UTA desires to sell discounted transit passes for use by the low-income population that it serves, and
- UTA and Millcreek City desire to continue a program whereby Millcreek City is authorized to purchase discounted transit passes and discounts for use by low-income individuals within the transit district. Millcreek City shall be permitted to buy from UTA Standard Passes at a discounted rate equal to seventy-five percent (75%) of the standard face value fare charged by the Authority.
- Millcreek City expects to be authorized to purchase UTA Premium Passes at a discounted rate equal to fifty percent (50%) of the standard face value the Authority charges. UTA reserves the right to determine which fare products are eligible for the discount under this Agreement.
- Millcreek City shall be authorized to qualify Low-Income Individuals for the “Millcreek City Human Service Fare Program” as defined by the U.S. Department of Health and Human Services, with the Poverty Guidelines attached as Exhibit A.

- Issuance of Passes. Millcreek City will be responsible for issuing Passes and will complete the following upon issuance: (a) confirm the eligibility of the recipient, (b) print the recipient's name on the card in permanent ink, and (c) record the recipient's name and the card number issued to them.

ANALYSIS:

- A. Millcreek City has found that while working with local partners serving low-income individuals, transportation has been repeatedly discussed as a barrier.
- B. Millcreek City is seeking to continue a successful demonstration project where discount transit passes may be available to qualified low-income individuals in Millcreek.

CONCLUSION AND REQUIRED FINDING:

The municipality of Millcreek's purpose for the above-listed appropriation to Millcreek Promise is to seek to achieve the following Community Objectives:

The municipality of Millcreek's purpose for the appropriation is to establish a contract with the Utah Transit Authority (UTA) to increase access to qualified low-income people in Millcreek, Utah, by accomplishing the following public purposes:

1. EDUCATION: All Millcreek youth have the support to maximize academic success on their path to high school graduation and post-secondary education.
2. HEALTH AND SAFETY: All Millcreek residents can access health and safety services and resources.
3. ECONOMIC WELL-BEING: All Millcreek residents have opportunities to provide a high quality of life for themselves and their families.

FINDING:

The appropriation is necessary and appropriate to accomplish Millcreek, a Utah Municipal Corporation's reasonable goals and objectives in economic development, job creation, affordable housing, blight elimination, job preservation, preservation of historic structures and property, and any other public purpose.

SUPPLEMENTARY INFORMATION:

Background

Section 673(2) of the Community Services Block Grant (42 U.S.C. 9902(2)) requires the Secretary of the Department of Health and Human Services to update the poverty guidelines at least annually, adjusting them on the basis of the Consumer Price Index for All Urban Consumers (CPI-U). The poverty guidelines are used by Medicaid and a number of other Federal programs as a criterion for some or all eligibility determinations. The *poverty guidelines* issued here are a simplified version of the *poverty thresholds* that the Census Bureau uses to prepare its estimates of the number of individuals and families in poverty.

As required by law, this update is accomplished by increasing the latest published Census Bureau poverty thresholds by the applicable percentage change in the Consumer Price Index for All Urban Consumers (CPI-U). The guidelines in this 2025 notice reflect the 2.9 percent price increase between calendar years 2023 and 2024. After updating for inflation, the guidelines are rounded and standardized to establish the same interval between each family size. In rare circumstances, rounding and standardizing in the formula result in small decreases in the poverty guidelines for some household sizes even when the inflation factor is not negative. In cases where the year-to-year change in inflation is not negative and rounding and standardizing in the formula result in reductions to the guidelines from the previous year for some household sizes, the guidelines for the affected household sizes are fixed at the prior year's guidelines. As in prior years, these 2025 guidelines are roughly equal to the poverty thresholds for calendar year 2024, which the Census Bureau expects to publish in final form in September 2025.

The poverty guidelines continue to be derived from the Census Bureau's current official poverty thresholds; they

are not derived from the Census Bureau's Supplemental Poverty Measure (SPM).

The following guideline figures represent annual income.

2025 POVERTY GUIDELINES FOR THE 48 CONTIGUOUS STATES AND THE DISTRICT OF COLUMBIA

Persons in family/household	Poverty guideline
1	\$15,650
2	21,150
3	26,650
4	32,150
5	37,650
6	43,150
7	48,650
8	54,150

For families/households with more than 8 persons, add \$5,500 for each additional person.

2025 POVERTY GUIDELINES FOR ALASKA

Persons in family/household	Poverty guideline
1	\$19,550
2	26,430
3	33,310
4	40,190
5	47,070
6	53,950
7	60,830
8	67,710

For families/households with more than 8 persons, add \$6,880 for each additional person.

2025 POVERTY GUIDELINES FOR HAWAII

Persons in family/household	Poverty guideline
1	\$17,990
2	24,320
3	30,650
4	36,980
5	43,310
6	49,640
7	55,970
8	62,300

For families/households with more than 8 persons, add \$6,330 for each additional person.

Separate poverty guideline figures for Alaska and Hawaii reflect Office of Economic Opportunity administrative practice beginning in the 1966-1970 period. (Note that the Census Bureau poverty thresholds—the version of the poverty measure used for statistical purposes—have never had separate figures for Alaska and Hawaii.) The

poverty guidelines are not defined for Puerto Rico or other outlying jurisdictions. In cases in which a Federal program using the poverty guidelines serves any of those jurisdictions, the Federal office that administers the program is generally responsible for deciding whether to use the contiguous-states-and-DC guidelines for those jurisdictions or to follow some other procedure.

Due to confusing legislative language dating back to 1972, the poverty guidelines sometimes have been mistakenly referred to as the “OMB” (Office of Management and Budget) poverty guidelines or poverty line. In fact, OMB has never issued the guidelines; the guidelines are issued each year by the Department of Health and Human Services. The poverty guidelines may be formally referenced as “the poverty guidelines updated periodically in the **Federal Register** by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2).”

Some Federal programs use a percentage multiple of the guidelines (for example, 125 percent or 185 percent of the guidelines), as noted in relevant authorizing legislation or program regulations. Non-Federal organizations that use the poverty guidelines under their own authority in non-Federally-funded activities also may choose to use a percentage multiple of the guidelines.

The poverty guidelines do not make a distinction between farm and non-farm families, or between aged and non-aged units. (Only the Census Bureau poverty thresholds have separate figures for aged and non-aged one-person and two-person units.)

This notice does not provide definitions of such terms as “income” or “family” as there is considerable variation of these terms among programs that use the poverty guidelines. The legislation or regulations governing each program define these terms and determine how the program applies the poverty guidelines. In cases where legislation or regulations do not establish these definitions, the entity that administers or funds the program is responsible to define such terms as “income” and “family.” Therefore, questions such as net or gross income, counted or excluded income, or household size should be directed to the entity that administers or funds the program.

Xavier Becerra,

Secretary, Department of Health and Human Services.
