Joint meeting of Canyon Rim Citizens Assoc. and Mt. Olympus Community Council
Tues., 7/10/18
Time and place TBA

Fireworks Laws Tightened Throughout Utah

MILLCREEK. Last summer's flurry of complaints from residents across the state, together with the danger to residents posed by first responders having to respond to an elevated number of fireworks-caused fires instead of other calls for help, prompted [a change in Utah's fireworks laws](#). (Thank you, Senator Iwamoto, for spearheading this legislation).

Fireworks discharge days this summer are now limited to **July 2-5** and **July 22-25** between the hours of 11 a.m. and 11 p.m. On July 4th and 24th, the time of discharge is extended to 12:00 midnight. This is a reduction of 40% over what was previously allowed.

The penalty for discharging fireworks when or where not permitted is now \$1,000. And the civil liability for causing a fire with illegally discharged fireworks includes damages caused by the fire and costs of suppression. It just got very expensive to shoot off fireworks illegally.

The Unified Fire Authority has created a map showing where fireworks are prohibited throughout Salt Lake County due to hazardous environmental conditions. This map is displayed wherever you buy fireworks. [Click here](#) for an interactive copy of the map. The map may be changed from time to time, so it's good to check back before your event.

Restrictions in Millcreek are depicted in the map above. Zoom in by clicking on the map and then navigating to or typing in the address of the location of concern.

In general, there are NO FIREWORKS ALLOWED ABOVE WASATCH BOULEVARD, near to the Parleys Nature Preserve, in Big Cottonwood Park, and near the Jordan River and within 200 feet of Mill Creek in substantial sections. The fire marshal has determined that these areas of Millcreek are restricted, due to historic or current hazardous environmental conditions.

Note that for other areas of the City to become restricted, the fire marshal must investigate and find the existence of historic or current hazardous environmental conditions.

Millcreek UPD officers will be patrolling areas in Millcreek where fireworks are restricted and will be issuing citations. UFA personnel will be assisting UPD in separate patrols, coordinating with UPD officers and referring violations for enforcement. Millcreek's fireworks signs are going up today and tomorrow at gateways to or within the restricted areas.

**Call the UPD at 801-743-7000 to report illegal fireworks.
Call 911 for an emergency.**

In those areas within Millcreek where fireworks are allowed, use your brain and extreme caution. Have water handy. The UFA's safety tips [can be found here](#). One hint - don't create a fire hazard by putting smoldering fireworks or embers from BBQs into your trash can. And if winds are high, don't set off any fireworks at all. Let's all be careful out there!

VentureOut Tonight!

JUNE 29TH

**EVERGREEN PARK
2266 E EVERGREEN AVE**

WILD WONDERS

6PM - TWILIGHT

What has up to six legs, can sit, heel, rollover, drive, eat popcorn and watch a movie? You and your pet if you join us for Wild Wonders at Evergreen Park. Sign up for our Pet Show and tell us all about your furry, feathered, and scaly friends. If you don't have a pet, no worries, you can make some new friends at the Wild Wonders animal show. The UHP K-9 unit is also bringing some four legged friends and the Mounted Horse Posse is ready to pose for pictures.

MILLCREEK'S OWN FLINT & STEEL TO PERFORM MONDAY IN THE PARK

MILLCREEK. On Monday evening, July 2nd, the Millcreek Arts Council's Summer Jam Concert series is headlining [Flint & Steel](#), a group of amazingly talented Millcreek teenagers. These young musicians play an assortment of bluegrass, country, jazz and pop music.

Flint & Steel was organized in 2012, when the members were fellow students at Wasatch Jr. High. Now 17 and 18 years old, four of the five members just graduated from Skyline High School, and the fifth will be a senior next year. So catch them now, as this summer is, sadly, the final tour.

The band has played the Utah Arts Festival, Ogden Music Festival, the Old Capitol Arts Festival, and the IAMA Bluegrass Festival. The banjo and mandolin players are past winners of the Utah State Instrument Championships and competed nationally. Flint & Steel has opened for Silver Creek, The Bar "D" Wranglers, Trotta & Ronstadt, and Ryan Shupe And The Rubberband.

The concert is free to all, and takes place at the West Pavilion of Canyon Rim Park on Monday, July 2nd at 7 p.m. [Click here](#) to visit the Millcreek Arts Council, or or email them artmillcreek@gmail.com

Future concerts, also at Canyon Rim Park: July 16 - The Fabulous Flynn's Tones; and Aug 6 - Michelle Moonshine. You really should drop by!

4th of July Community Celebration

Wednesday, July 4, 2017
EVERGREEN PARK

2200 East Evergreen Ave.

BREAKFAST

PARADE

Floats, Bikes, Costumes and Fun
Bring your Flag to Wave!
Parade begins at 9:00 A.M. at
2700 East Evergreen Ave

ENTERTAINMENT

National Anthem after the Parade
Awards to Parade Winners!

A MESSAGE FROM MT. OLYMPUS CHAIR DAVID BAIRD ABOUT SPEEDING

MILLCREEK. One of the most frequent complaints we get from Millcreek residents is about speeding. Our UPD officers will be engaged in a special effort throughout the City this summer to enforce speeding laws. Yesterday the UPD focused on the Mt. Olympus neighborhood. Here is a letter from Mt. Olympus Chair David Baird describing what happened. Please use common sense and SLOW DOWN for the safety of everyone in Millcreek..

JUNE 28, 2018

Hi Neighbors,

At the request of both Millcreek City and the Mt. Olympus Community Council, the UPD conducted a 2 hour, multiple officer observation on Jupiter and Oakview Drive today.

They had 8 stops, 2 of which were for running the stop sign at Oakview and Jupiter, plus 6 speeding tickets on both Jupiter and Oakview Dr. Two separate speeders were clocked at 39 MPH in a 25 MPH zone. All of the speeders were local residents.

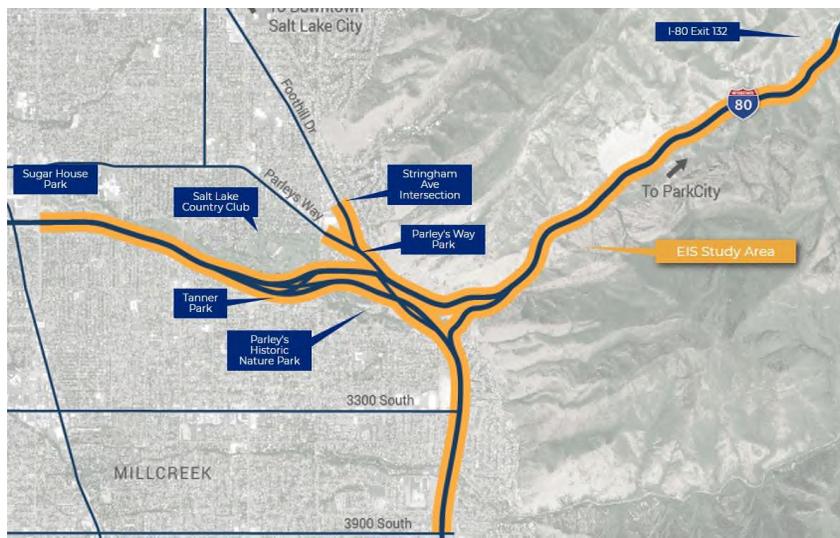

Please heed our warning that the UPD will be conducting many more of these radar traps on many different streets in the future (including Oakcliff, Oakview, Jupiter, Fortuna, Brockbank and Cumorah). They'll be random and they'll likely involve multiple officers, just like today.

I also want to share a positive quality of our neighborhood exhibited today: many residents gave the UPD officers a thumbs up instead of the middle finger during their efforts (one kind neighbor even offered one of the officers cash to say thank you, which the officer politely declined of course). I'm glad to see that many residents were pleased to see the UPD as they (slowly) drove by this evening.

The Mt. Olympus Community Council will be meeting with the city staff and UPD in the next few months to discuss other long term speed calming strategies. I'll post the scope and times on Nextdoor [] as details are finalized.*

David Baird Chair, Mt. Olympus Community Council

Parleys interchange study area.

PRELIMINARY ALTERNATIVES FOR IMPROVEMENTS TO PARLEYS INTERCHANGE WILL BE AVAILABLE

MILLCREEK. Since the beginning of the year, UDOT has been studying how to improve the interchange of I-80, Foothill, Parleys Way, and I-215. The current design needs to be updated to to improve safety, reduce congestion, and increase regional mobility.

After a series this spring of public open houses and meetings with stakeholders (including representatives of our own Canyon Rim Citizen Association and Mt. Olympus Community Council), UDOT has developed some preliminary alternatives, which will be presented at the City Council's Monday, July 9th, 5 pm work session.

To provide input, come to UDOT's open house on **Tuesday, July 10, from 4-7 pm** at Skyline High School. If you are unable to attend the Open House, UDOT's proposals will be posted [on UDOT's website](#) by July 9th. Public comments can be made via the website, or emailed or mailed in by Aug 10th.

TO ENTER, send your name, address, and phone number to Diane Angus at DAngusmail@yahoo.com.

SAVE THE DATE - Town Hall Meeting.

MILLCREEK. Mayor Silvestrini and the City Council will be conducting a town hall meeting at Wasatch Jr. High on July 26th starting at 6:30 PM. The main topic for discussion will be the shift of property taxes formerly imposed by the Salt Lake Valley Law Enforcement Service Area to the City. Other topics will be anything that's on your mind. This will be a great opportunity to ask questions of your elected representatives. City department heads will also be present to explain their duties and to answer your questions.

HOT ASPHALT AWARENESS

Outside Temperature	=	Asphalt Temperature
77 Degrees		125 Degrees
86 Degrees		135 Degrees
87 Degrees		143 Degrees

Test the heat of the asphalt by firmly pressing your hand on it for 7 seconds. If it is too HOT for you, it's too hot for your pet!
