## RESIDENT OF MILLCREEK HELPS YOUNG GIRLS HONE IN ON THEIR SELF-WORTH

MILLCREEK. Ciara Mosquito is a Millcreek resident with a calling. Bullied as a kid in her Colorado middle school, Ciara worked hard as she grew up to regain her sense of self-worth. Determined that other young girls avoid her unhappy experience, she founded the Shimmer Sparkle Shine Project (SSSP) in 2011 (at age 16).

Weds., 9/23/19, 5 PM  
 Millcreek City Hall  
 3330 S. 1300 E.  
 See agenda below

[Click here for our  
 Calendar of Events](#)

The SSSP is a non-profit organization that hosts workshops to helping young girls to realize, develop, and value their sense of self-worth. Workshops include such activities as examining before and after photos of photoshopped models and then working together to create ads that show real beauty.

Examples of other activities include group discussions about how using their talents to help others helps them feel better about themselves, and then they make dolls for donation to children's grief support groups. They write down kind things they have done or experienced that day, and then use those papers to create chains of kindness. The goal is to "help girls and women through positive activities that nourish them to realize their own individual worth and potential."

Ciara explains that the young girls in the SSSP workshops are at the age (8-13) when mental health disorder symptoms begin to appear. While the girls discuss the fact that a healthy life requires getting enough sleep, staying active, and eating nutritious foods, they also brainstorm ways to mentally de-stress, and then they rotate through workshop stations centered around mental health activities, such as yoga or meditation.

Here are comments from some of SSSP workshop participants about what they have learned about self-worth:

*"Self-worth to me is that little voice that says "hello beautiful" when you look in the mirror, "You got this girl!" you when you have a challenging day, and "you deserve this" when your day is fantastic. It is accepting your accomplishments, cheering yourself on and encouraging yourself and others through all that we face."*

*"To me self-worth means being proud of who you are, it's about knowing your strengths and weaknesses and being comfortable in your own skin, and being able to learn from the past to make a better future."*

*"Self-worth means love for yourself. It means respecting who you are. It means being okay with making mistakes, making change, and being okay with rejection.... It's recognizing that there is no one like you."*

You can learn more about Ciara's program at [shimmersparkleshineproject.org](http://shimmersparkleshineproject.org). The organization is also hosting a fundraiser at the end of this month. Click on the invitation below to sign up.

## Results of this Summer's Recycling Survey

MILLCREEK. In July, the Wasatch Front Waste & Recycling District conducted

a District-wide Recycling Survey. Out of a total of 6,035 responses to this survey, 1,831 (30.3%) responses came from Millcreek.

Comments from residents in Millcreek have suggested changing to bi-weekly recycling collections to reduce costs. Yet 74.1% of respondents said they place their recycling can out each week. WFWRD says that this is within national averages.

The primary goal for the survey was to obtain information on district-wide support of continuing recycling efforts due to the increasing global challenges, and also to see if there would be a support for a fee increase to maintain Wasatch Front's services to you. In Millcreek, 85.3% indicated that they support continued recycling services, and 86.1% showed that they would support a fee increase to continue their current level of services.

## PLEASE PARTICIPATE IN A COUNTY-WIDE COMMUNITY PREPAREDNESS STUDY

MILLCREEK. Salt Lake County is asking residents and businesses to help update the County's emergency preparedness plans by taking a voluntary online questionnaire. Feedback from the confidential 10-minute survey will allow Salt Lake County Emergency Management to better serve us all before, during, and after an emergency or disaster.

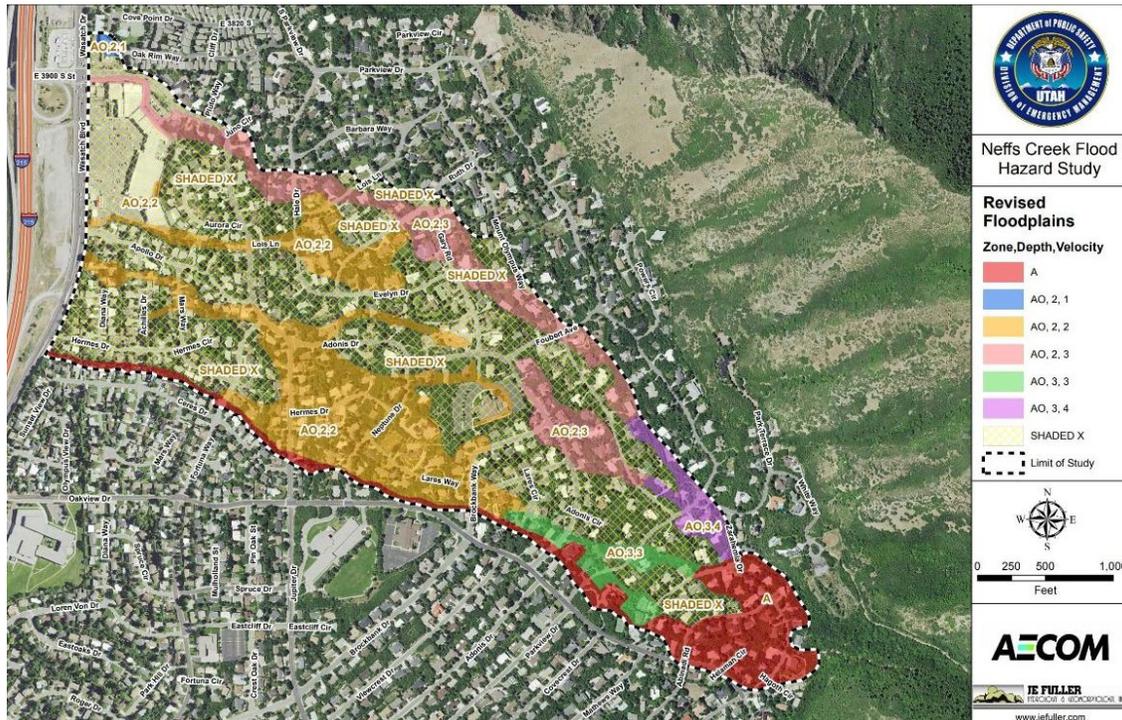

Some sample questions from the questionnaire:

- Please indicate where you go to obtain emergency and disaster preparedness related information?
- What might prevent you from leaving your place of residence if there was an evacuation order?
- In an evacuation, would you or anyone in your household require special assistance?

[Click here to Participate](#)

The survey will remain open until September 30, 2019. To obtain a hard copy of

the survey, please contact Salt Lake County Emergency Management, 801-743-7100.

## NEFF'S CREEK FLOOD HAZARD STUDY

### Public Open House

**Date:** Tuesday, September 17th

**Time:** 6:00-8:00 pm

**Location:** Churchill Jr. High (3450 E Oakview Dr, Millcreek)

If you live in the highlighted areas of the map, your property may be impacted.

The Federal Emergency Management Agency (FEMA) is in the process of updating the Flood Insurance Rate Maps (FIRMs) for Salt Lake County. In conjunction with this effort, FEMA developed a revised floodplain in select areas within the City of Millcreek. The revised maps may impact your property. If the structure on your property is found to be located within the 1-percent-annual-chance floodplain you may be required to purchase flood insurance.

The development by FEMA of the FIRMs has been an ongoing process which started in 2014. A series of public meetings have taken place, with two in May of 2016 and another in September of 2016. An additional meeting was held in June of 2019. Information has been posted on the FEMA, Salt Lake County

and Millcreek websites during the study period.

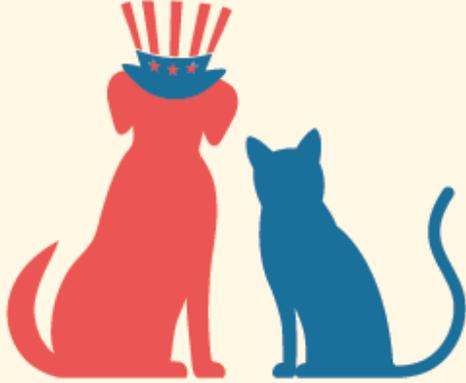

The properties in the affected area may be required by the owners' financial institution to purchase flood insurance and there may be additional restrictions on what can be built on the property including new building or existing structure remodeling.

A Public Open House will be held on **Tuesday, September 17th from 6:00 to 8:00 PM** at Churchill Jr. High (3450 E Oakview Drive). During this meeting the revised Flood Insurance Rate Maps (FIRMs) will be available for review and those in attendance will have an opportunity to provide comments and ask questions about the impacts the new maps will have on their property.

To view the changes electronically, the preliminary map data has been placed on FEMA's Map Change Viewer at <https://msc.fema.gov/portal/search> or on the [Millcreek website](#).

We hope that you are able to attend the meeting where these maps and your options will be described in more detail. Please visit <https://www.floodsmart.gov/> for further National Flood Insurance information.
