MILLCREEK. This week, the name of Gunn Avenue (3080 South) was officially renamed to Villa Vista Avenue. This was a request of the residents and property owners on that street and pays homage to the historic and iconic Villa Theatre (now Adib's Rug Gallery) that sits at the corner of the street and Highland Drive.

Garden Produce

MILLCREEK. Many Millcreek gardeners find themselves at harvest time with more fruits and vegetables than they know what to do with. Fall brings apples, plums and lots of root vegetables. An overabundance of these delicious crops used to go to waste until 2016, when Pat Thomas founded Backyard GardenShare.

[Backyard GardenShare](#) distributes garden surplus with local families, immigrants, and refugees. This simple produce-sharing program helps to directly combat hunger and malnutrition in our neighborhoods with healthy fresh food.

It's a win-win for Millcreekers who have extra produce they hate to see wasted and those who could really use and appreciate it. There are dozens of collection sites in our area, many of which are just your neighbor's front porch. [Click here](#) to find a drop site near you.

One in seven Utahns face hunger on a daily basis, but this program is a wonderful and simple way to do your part to help relieve that hunger. Since the founding of Backyard GardenShare, more than 50,000 pounds of fresh produce have been collected and distributed.

Recycling Tip #7

Grocery bags cannot go in the blue recycle bins, so what can you do with all of them? Most stores that you get them from will take them back. Instead of getting more when you shop, use a cloth or durable plastic reusable bag.
