NEWS

So What Is Ranked Choice Voting?

MILLCREEK. Residents of City Council Districts 2 and 4 will choose their Council representatives in the upcoming municipal election. These residents will get to experience “ranked choice” voting this fall for the first time ever. This new way of voting will still use a mail-in ballot, as before. Voters will rank the candidates running in their council

City Hall, 3330 S 1300 E
Agenda below
Virtually join [HERE](#)

district by expressing a “first,” “second,” “third,”
etc. choice among the candidates who have filed.

If, after the ballots are first counted, one candidate wins by a majority of votes cast, that candidate wins the election. If however, the first place candidate fails to garner a majority after the first count, then the last place finisher is eliminated and each vote cast for that candidate will be transferred to the voter’s second-ranked choice among the remaining candidates. This elimination process will continue until one candidate receives a majority and is deemed the winner.

LAST DAY TO VOTE: NOVEMBER 2ND

Voting in Millcreek looks different this year

We're one of several cities throughout Utah to adopt ranked choice voting. Unlike traditional voting, expect to rank the candidates on the ballot from your favorite to least favorite.

Old ballot → **New ballot**

WHAT IS RANKED CHOICE VOTING (RCV)?
RCV allows voters to rank candidates in order of their preference when marking their ballots. It helps eliminate run-off elections.

HOW ARE RANKED CHOICE VOTES COUNTED?

Step 1: If a candidate receives a majority (50%+1) of the first-choice votes cast for that office, that candidate will be elected. However, if no candidate receives a majority of the first-choice votes, an elimination process begins.

Step 2: The candidate who received the fewest first-choice votes is eliminated. Next, each vote cast for that candidate will be transferred to the voter's second-ranked choice among the remaining candidates. This elimination process will continue until one candidate receives a majority and is deemed the winner.

MILLCREEK | **RANK THE VOTE UTAH** | **WATCH AN EXAMPLE**

LEARN HOW RCV WORKS: RanktheVoteUtah.com

This manner of voting saves Millcreek taxpayers money because it eliminated the need for a primary election to narrow the several candidates who filed in each council race to two. Instead, the city only has to pay for the general election, saving half of the cost, or in this case, about \$67,000 of your tax dollars. Before adopting ranked choice voting, the City Council held a public meeting and we heard from dozens of Millcreek residents. They were near-unanimous in asking us to adopt this method for this election.

Proponents of ranked choice hope that it will make for a more civil campaign, as candidates will have an incentive to woo voters enough that they still may be selected as a voter’s “second choice” pick.

Ballots will be mailed to registered voters by the County Clerk in mid-October and must be postmarked on or before November 1 (the day prior to Election Day), if mailed. On Election Day (November 2), voters may drop off their ballots at the collection box which will be located outside the UPD Precinct Office at 1580 E. 3900 South. There will not be a collection box outside of City Hall.

Adventure is Out There!

There are still plenty of campsites available for the Camp Tracy Adventure Weekends!

We added a Day Pass Option to each of the days Aug. 20 & 21st and Labor Day weekend. Our day access is FREE on Sunday, August 22nd 10-4pm.

Some of the AMAZING activities include:

- Fishing
- Archery
- Shooting
- Hiking
- Orienteering
- Slackline
- Rock Wall
- Survival Skills
- Nature Walks
- Dutch Oven Cooking
- Crafts

Click the button below to learn more and book your Camp Tracy Adventure!

MONDAY!

SUMMER JAM CONCERT SERIES CONTINUES

MILLCREEK. The Millcreek Summer Jam Concert Series continues each Monday through the end of August. Enjoy free live music in the shaded open-air amphitheater in Canyon Rim Park at 3100 S 2900 E. Join the Millcreek Arts Council for melodious performances on Monday evenings at 7pm. Sponsored by Salt City Homes, the city of Millcreek, and Venture Outdoors. Please visit

www.millcreekartscouncil.org for more on these and other artistic events in our community

August 23: Second Line Collective, UT (Jazz)

"2LC, UT" (Second Line Collective, UT) is an ensemble of some of Utah's finest musicians. Pulling from the tradition of New Orleans's wonderful second line brass band style, 2LC, UT brings a fresh take on the genre. You will hear the classic infectious grooves of traditional second line songs and modern takes on popular music of today. With two fantastic drummers, two trumpets, two trombones, a sax and sousaphone, this band will leave the crowd humming songs and dancing well after the experience of hearing them play. Come prepared to dance, sing and clap!

Back to School Reminders

MILLCREEK. This week, Millcreek kids went back to school. Now is an important time to remember that with the start of school, we all need to be extra cautious when driving in a school zone. There is no warning for speeding in school zones, it's an automatic ticket. Watch out for kids and for crossing guards. Finally, don't forget that when a school bus turns on it's red flashing lights and the stop arms are extended, drivers must stop and cannot proceed until the flashing has stopped at the stop arms are withdrawn.

What is YOUR favorite Millcreek business?

What is your favorite **Millcreek restaurant**, **Millcreek non-restaurant retail business**, and **Millcreek service business**? Send your nominations for each category to BusinessCouncil@Millcreek.us by August 31 for consideration for the Millcreek Business Council's annual awards! (One nomination in each category per person/email address)

Gettin' Visual at the Library!

The Millcreek Arts Council is working in collaboration with the Millcreek Library to resume our community monthly visual art display.

If selected, your artwork will be displayed at the library for a month. Additionally, we will fund a reception, open to the public, with refreshments and music.

We're looking for:

- Local Millcreek City visual artists

- About 6-10 pieces to be placed on public display (2D & 3D art welcome)
- Artwork that is ready for display by this fall/winter

If interested, please fill out the Getting Visual at The Library form on the Millcreek Art Council's website: millcreekartscouncil.org.

Stormwater Pollution Prevention in Dry Weather

Q. Is stormwater pollution prevention necessary when there's a drought?

A. Stormwater runoff is one of the leading causes of water pollution in the United States—even in drought conditions. While some items that end up in gutters, storm drains and stormwater are easily visible such as trash, litter and pet waste, other pollutants may not be visible but are far more harmful, such as oil and grease, dissolved metals like lead and copper, and unnatural amounts of sediment from oily driveways, constructions sites, and roadways that are accumulating on the dry ground. When it does eventually rain (or snow), these pollutants are washed down the storm drains and directly into our waterways.

It's important to note that not all water is treated equally. Cities in Salt Lake County have two separate water collection systems. The sanitary sewer system collects wastewater from sinks, toilets, showers and washing machines that is transported through pipes and flows to treatment plants.

Whereas storm drains carry water that remains untreated, directly into washes, parks and rivers. While both systems have extensive infrastructure, the

stormwater system that includes everything from ditches and culverts, ponds and lakes, curbs and gutters, to wetlands and rain gardens, are not part of a treatment process at any point. This is why it is vital that we all do our part to protect our water and our environment by remembering “We all live downstream.”

We can all work together to keep our stormwater free of contaminants including the following:

Pet waste

Collect pet waste in a plastic bag and throw it away in a garbage can. Pet waste contains bacteria and other pathogens that are not healthy additives to our water.

Automobile Oils and Fluids

Properly maintain vehicles to prevent fluid leaks. Use drip pans to catch leaks. Clean up leaks and spills using an absorbent such as kitty litter or sand. Sweep up immediately and properly dispose. *One quart of motor oil can contaminate over 250,000 gallons of water.*

Vehicle Washing

Use a commercial or self-service car wash if possible – it is actually more water efficient. If you do choose to wash your vehicle at home, make sure you use a bucket and phosphate-free, biodegradable detergent. Direct wash water to landscaping, when possible. Dispose of wash water into a sink or toilet.

Lawn Care

Use pesticides, fertilizers and other lawn care products sparingly and in accordance with label instructions. Over watering can carry pollutants to rivers and washes. Do not sweep or wash yard debris into the street. Debris can clog storm drain inlets causing flooding.

Household Chemicals

Keep chemicals in labeled, closed containers. Unused household chemicals, including paint, used oil, cleaners, and yard chemicals should be properly disposed or recycled. Take these items to a Household Hazardous Waste site or collection event.

Trash & Recycling

Pick up any trash that has been dropped or blown into your yard, driveway or

gutter. Bag and tie loose trash. Keep trash and recycling bins closed.

Spill Management Tip:

Keep absorbents, such as kitty litter, sand or old rags on hand for cleaning up spills. Absorb spills and immediately sweep into a trash bag and dispose in the garbage.

The practice of these healthy household habits by all of us can keep common pollutants off the ground and out of our stormwater. In the end, clean stormwater is a community effort that begins long before it rains.

Fall 2021 Online Courses

The Community Emergency Response Team (CERT) program helps train people to be better prepared and ready to respond to emergency situations in their communities.

When emergencies happen, CERT members can give critical support to first responders, provide immediate assistance to victims, and organize spontaneous volunteers at a disaster site. CERT members can also help with non-emergency projects that help improve the safety of the community.

September 1, 2021 (6:00 - 8:00 PM) Location: Millcreek City Hall

- Introduction & Orientation
- Unit 1: Disaster Preparedness

September 15, 2021 (6:00 - 9:00 PM) Location: TBD

- Unit 6: CERT Organization
- Unit 7: Disaster Psychology

September 29, 2021 (6:00 - 8:00 PM) Location: TBD

- Unit 3: Triage and Immediate Care

October 13, 2021 (6:00 - 9:00 PM) Location: TBD

- Unit 5: Light Search & Rescue Operations and Victim Care

October 27, 2021 (6:00 - 9:00 PM) Location: TBD

- Unit 2: Fire Safety and Utility Controls
- Unit 8: Terrorism and HazMat Safety

November 10, 2021 (6:00 - 8:00 PM) Location: TBD

- Unit 4: Disaster Medical Operations

November 13, 2021 (Saturday) Location: TBD

- Unit 9: Course Review and Disaster Simulation
