NEWS

District 1 Councilmember Silvia Catten and Mayor Silvestrini Elected

MILLCREEK. The only person to declare candidacy for Millcreek City Council District 1 was incumbent Silvia Catten. Likewise, Mayor Jeff Silvestrini was the only declared candidate for Mayor of Millcreek. Because those races were

Murray City Hall
10 E. 4800 So.
Watch live [HERE](#)

uncontested, the City Council exercised their discretion under Utah law earlier this week and cancelled those elections.

Pursuant to Utah law and Millcreek's [Resolution 23-46](#), the City Council then declared that Councilmember Catten and Mayor Silvestrini are considered elected to their respective positions. By cancelling those races, the city is saving approximately \$85,000 from the budgeted amount for elections this year. Councilmember Catten and Mayor Silvestrini will each serve for another four year term.

The City Council District 3 race is contested. David F. Holz and Scott Springer will be on the ballot with incumbent Cheri Jackson on November 21st. Click [HERE](#) for their contact information.

Fall is Upon Us, Get Ready

MILLCREEK. The leaves are starting to turn and will be falling soon. Gardens need to be put to bed for the winter, annuals need to be removed, and some

perennials need to be pruned. Lots and lots to do.

When we all work together to take care of our yards, the city looks better. It is the property owners' responsibility to maintain and clean the curb and gutter in front of their home. The city does not have the capability of cleaning up all of the edges of city streets, this responsibility falls to the property owner.

Don't forget about the weeds that have sprung up along the streets and are drying up, falling over, and blowing around. Not only does this look bad but it creates a serious flooding problem as those weeds collect and clog storm drains. Please take a minute to look at any storm drains near your property and make sure they are cleared out.

Our partners at the Wasatch Front Waste & Recycling District (WFWRD) are helping out by providing free leaf bags and places to dispose of bagged leaves. Free leaf bags can be picked up at the city offices (3330 S 1300 E). WFWRD also provides a [free landfill voucher](#) for residents who want to haul a load of refuse to the landfill. You can find information for all of the services WFWRD provides on [the WFWRD website](#).

We often hear complaints from residents about neighboring properties that are not taken care of or properties that they drive by and notice that they look unkempt. Our code officers will take a look at each property that has a complaint lodged against it, but it is impossible for them to find all problem yards. They do their best to keep things looking good but it takes everyone's help. Note that when a code officer responds to a code complaint, they notify the property owner that they have 30 days to solve whatever the problem may be. If you have submitted a complaint against a property and are not seeing immediate results, please be patient as the property owner works to fix the problem. Our code officers will continue to stay in contact with the owner until the issue is resolved.

Get out and enjoy the beautiful fall season—but also make sure to spend some time making sure your property looks the best it can.

The Millcreek Youth Council is holding a Halloween Costume Drive October 2nd-13th. They are looking for children's costumes (ages 11 and under) in new or gently used condition. The costumes will be donated to the children of a local elementary school.

Donations can be dropped off at Millcreek City Hall, Monday-Friday, 8 AM-5 PM.

TOMORROW

Jordan River Canoe Clean Up

Saturday, Sept. 30th
10 AM - 2 PM

Volunteers must be 14+ years old and have some canoeing experience
Information on where to meet will follow volunteer registration

THURSDAY
Only 4 Weeks Left!

MILLCREEK COMMON

THURSDAY FOOD TRUCK RALLY

SAVE THE DATE

Come to the Millcreek Harvest Market!!

Millcreek Common is bringing the community together to celebrate the bounty of the harvest with a series of festive, local markets on Friday evenings (4 - 8 pm) from October 6 - November 3. Shop for local produce alongside yummy baked goods, dips, salsas and specialty artisan goods. Second Summit Cider Co. presents the Tavern at the Market highlighting local hard ciders and harvest beers.

Each Harvest Market will feature agriculture-focused activities for kids of all ages, gardening tips from the Master Gardeners, live music, food trucks, pick-a-pumpkin, and more. Our outdoor roller rink will be open; arrive between 4 -5 pm for free skating on market days. All skaters must be present at check in to receive this deal.

Market Calendar:

10/6: Opening Day - Welcome to the Farm!

- Petting Zoo with Taylor's Traveling Troupe
- Make Edible Mr. Potato Heads with Venture Out!
- Garden Tips with USU Master Gardeners

Gettin' Visual at the Library

MILLCREEK. The Millcreek Arts Council and the Salt Lake County Millcreek Library present October's artist, Emma Houtz. Emma will be displaying her exhibit "Strange, but not a stranger".

Emma takes inspiration from her favorite things: obscure VHS tapes, fighting imaginary dragons, and experimenting with hair colors. The Salt Lake based graphic designer's latest photography collection *Phantasmic* chronicles a midnight encounter of two ghostly soulmates, right before they drifted apart.

Emma is a SLCC graduate and librarian at the Holladay Library. You can view her work at the Millcreek Library, 2266 Evergreen Ave, through the month of October.

Testing, Testing!

FEMA, in coordination with the Federal Communications Commission, will conduct a national test of the Integrated Public Alert and Warning System.

If your mobile phone is on and within range of an active cell tower from a participating wireless provider, you should receive the national test.

The test will take place at approximately
2:20PM ET/11:20 AM PT on
Wednesday, Oct. 4, 2023.

FEMA FEMA.gov/IPAWS-National-Test

Watch for a Test of the FCC Emergency Alert System

FEMA, in coordination with the Federal Communications Commission (FCC), will conduct a [nationwide test](#) of the [Emergency Alert System](#) (EAS) and [Wireless Emergency Alerts](#) (WEA) on Wednesday, Oct. 4th at approximately 12:20 p.m. MT.

FEMA and the FCC are coordinating with EAS participants, wireless providers, emergency managers, and other stakeholders in preparation for this national test to minimize confusion and maximize the public safety value of the test.

The purpose of the Oct. 4 test is to ensure that the systems continue to be effective means of warning the public about emergencies, particularly those on the national level. In case the Oct. 4 test is postponed due to widespread severe weather or other significant events, the backup testing date is Oct. 11.

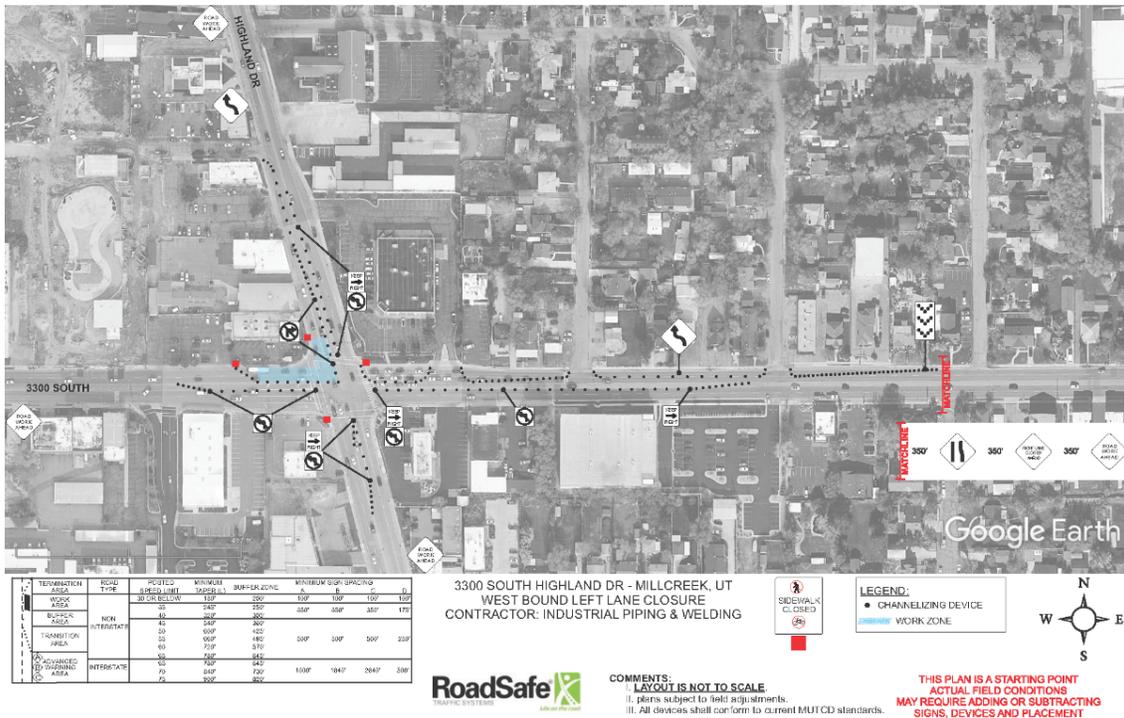

The following can be expected from the nationwide WEA test:

- Beginning at approximately 2:20 p.m. ET, cell towers will broadcast the test for approximately 30 minutes. During this time, WEA-compatible wireless phones that

are switched on, within range of an active cell tower, and whose wireless provider participates in WEA, should be capable of receiving the test message.

- For consumers, the message that appears on their phones will read: “THIS IS A TEST of the National Wireless Emergency Alert System. No action is needed.”
- Phones with the main menu set to Spanish will display: “ESTA ES UNA PRUEBA del Sistema Nacional de Alerta de Emergencia. No se necesita acción.”

Construction Notices

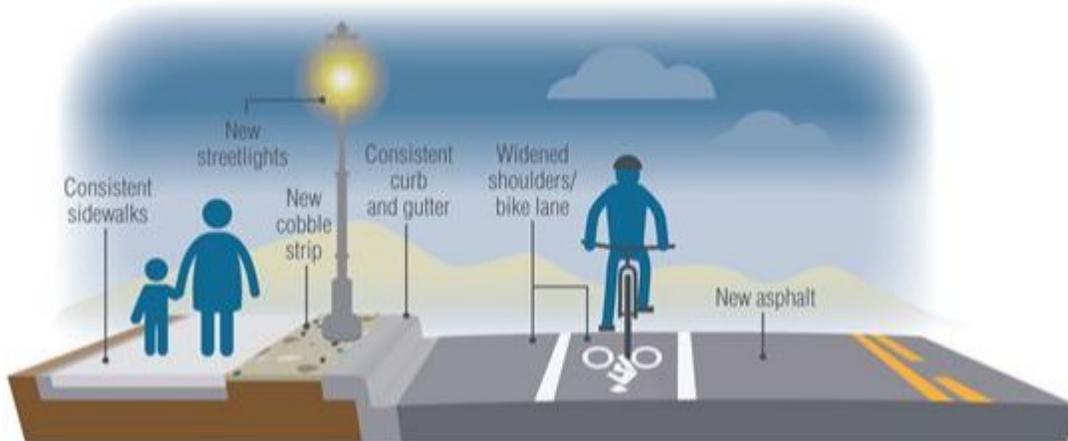

Westbound 3300 South will be reduced to one lane starting today, September 29th, and will last for the next four days to allow concrete to cure. Please drive through the area with caution.

900 East

IMPROVEMENTS

3900 South to 4500 South

900 EAST CONSTRUCTION STARTING

As early as Monday, Oct. 2, construction will begin on the 900 East Improvements project between 3900 South and 4500 South. This work will include reconstructing the roadway, upgrading the sidewalks and pedestrian ramps to meet ADA standards, curb and gutters, and widening shoulders. Additionally, a new bike lane will be added along both sides of 900 East in the project area.

Residents can expect preliminary construction activities from Oct. 2 through Dec. 22, 2023. The project will then move into a winter shutdown until construction resumes in March 2024, weather permitting. This project is anticipated to be complete in summer 2024.

Upcoming Impacts. As part of the preliminary construction work this year, crews will begin work on driveways, which includes the removal of existing materials and installation of the new driveways and approaches. Crews will also begin utility work on the water lines, which will include temporary water service disruptions to residents. **All impacted residents will be notified ahead of any driveway closures or water shut-offs through a door hanger notification.**

During construction, use caution while traveling in the work zone and follow

traffic control devices. All construction activities are weather-dependent and subject to change.
