### **It's Cold Out—People Bundle Up, Potholes Appear, and Water Mains Break**

MILLCREEK. There was a pretty long cold spell over the holidays. The next few days will be warmer but there are more frigid days to come. Not only does the cold get people breaking out their warm winter coats and gloves, it causes problems many other ways.

Residents should be sure their homes and vehicles are capable of withstanding prolonged

(Holiday schedules  
have pushed Millcreek  
Community Council's  
meeting to 1/6/24)

freezing temperatures. We hope that by now all outside hose bibs have been turned off and covered. Furnace filters should be changed frequently (especially when the inversion settles in) to keep things running smoothly.

If taking a long car trip, be sure to take a warm coat, boots, blanket, flashlight and emergency supplies along for the ride.

Our engineering team wishes it was easy to prepare for the inevitable winter-time problems that show up along Millcreek roads.

With cold weather, the asphalt plants must close down. That means that right at the time when potholes seem to magically appear, we are not able to obtain the hot mix that works best for repairs. Therefore, crews try to keep them filled with "cold patch". The problem is that "cold patch" does not adhere well and a patch can easily be popped out when a snowplow goes by. If you see a pothole that should be looked at, please go to the [city website](#), click on [Report a Concern](#), and let us know about it. We will get to it as soon as possible.

Cold winter weather also ushers in the season of water main breaks. Our friends at Salt Lake City Public Utilities (SLCPU) encounter the same problem with "cold patch". You may see a water main break repaired with no more water leaking but the dirt filled hole and flasher barricades may remain for some time while crews work their way through required repairs. If you see a water main break, please notify SLCPW on their [website](#), by phone at [801-483-6900](tel:801-483-6900), or by email at [slcpu@slcgov.com](mailto:slcpu@slcgov.com). For water main emergencies, call the 24-hour dispatch line at [801-483-6700](tel:801-483-6700).

Please have patience and know that our crews are working hard to keep up with the potholes and waterline breaks that old man winter brings us.

## **FINANCIAL WORKSHOP**

**Monday January 29<sup>th</sup>, 2024 @ 7pm**

**Millcreek Common**

**Granite Credit Union Adventure Hub 2<sup>nd</sup> Floor**

**1354 East Chambers Ave**

**Millcreek, UT 84106**

The Millcreek Arts Council and Salt Lake County Millcreek Library are starting the new year with a new exhibit at the Millcreek Library at 2266 Evergreen Ave. The artwork of **Ethan Hoenig** will be displayed through the month of January. A reception will be held at the library from 6-6:45 PM on January 5th. Please join us for light refreshments and musical accompaniment by **Holly Faith**.

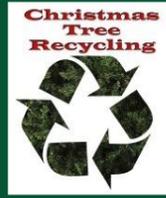

Growing up in the Millcreek area, Ethan started painting with spray paint early in high school. He has honed his skill as a spray paint artist ever since. Pursuing the arts in higher education, Ethan got a degree in art ed at Southern Utah University. He currently works as a freelance artist and educator. He composes anything from large scale murals to fine art. Ethan's paintings are created by multi-layer hand-cut stencils. First, he creates an image on a computer program. Then he prints that image onto large sheets of paper and cut the images out with an Exacto knife. Most of his paintings are 9 layers of stencils. Once everything is cut out, he spray paints each layer on top of each other creating these images. As an artist Ethan likes to combine opposing ideas, one theme that he revisits often is the duality of nature and industry. Some of his art is meant to be thought provoking while some is just meant to catch the eye with little to no meaning behind it. Lately his art has been influenced by a dark surrealism theme which he has been experimenting with. To see his entire portfolio follow him on instagram at [@kid.nothing](#).

Singer/songwriter Holly Faith is 27 years old and loves music! She has been playing instruments such as guitar and cello and singing since she was a child. Always looking for new places and people to share her music with, her passion and enthusiasm for her art form are undeniable in her live performances. Her heart is into writing original songs, though she knows how to mix it up with a tasteful cover tune.

## 2024 Christmas Tree Collection

(January 1st through January 31st)

If you need information about the Christmas Tree Pick-Up Program, please click on the following link.

MILLCREEK. Our partners at the Wasatch Front Waste & Recycling District are once again offering free Christmas Tree Collection from January 1st to January 31st. **You must send a request form.** Trees will be picked up after your regularly scheduled collection day. The tree must be on the curb when a request is submitted. If the tree is not out, the pick-up will be cancelled.

## ROAD CLOSURE NOTICE

**2000 E Improvements**

Phase 1: Siggard Drive to 3300 South

Beginning as early as January 2, 2024 the southbound lane of 2000 E will be closed between Siggard Dr and 3300 S to allow crews to safely work on the irrigation ditch. Signage will be posted at the end of December notifying drivers of the upcoming closure. Drivers are encouraged to use alternate routes.
