Millcreek, Utah 84106

Mike

St. Mark's Hospital sees 4,000+ people per year that live outside of the Wasatch front. These patients are looking for accommodations inside our service area, and are currently forced to stay further way from the hospital. I support bringing a hotel to the Millcreek area, and believe that many of the St. Mark's patients would stay closer to the Hospital if given an opportunity.

Thank you,

Michael Herron

CFO St. Mark's Hospital
